Yep. I'm working the rest of the afternoon. But heads up- I am out the next two weeks for vacation. Tom or Andy can update the website for you next week when you need anything changed.

Hi Eileen and Kristina,

We expect to issue an update for the US Steel spill within the next 10 minutes. Are you both available to send an update to Congressionals (Eileen) and update the website (Kristina)?  
Waiting for HQ approval. The facility already issued their press release.
